## FEATURES

- |   |   |
|---|---|
| <b>FEATURES</b> <ul style="list-style-type: none"> <li>• Works with all Bluetooth®-enabled devices.</li> <li>• Streams audio wirelessly via Bluetooth® technology in high, uncompromising quality from up to 33 ft. away.</li> <li>• Integrated rechargeable lithium-ion battery provides hours of playing time whenever you go.</li> </ul> | <b>CONTENTS</b> <ul style="list-style-type: none"> <li>• 1 Wireless Speaker</li> <li>• 1 USB Charging Cable</li> <li>• 1 User Manual</li> </ul> |
| <b>SPECIFICATIONS</b> <ul style="list-style-type: none"> <li>• Portable Power: internal Li-Ion Rechargeable Battery</li> <li>• Supply Voltage: 3.7V</li> <li>• Unit Dimensions (in): 4.375 L x 4.375 H x 4.375 D</li> <li>• Weight: 0.15 lb</li> </ul>  |   |

## SPECIFICATIONS

- Portable Power: Internal Li-Ion Rechargeable Battery
- Supply Voltage: 3.7V
- Unit Dimensions (in): 4.375 L x 4.375 H x 4.375 D
- Speaker Unit: 62 mm x 1 of 4 ohms

### CHARGING THE BATTERY

The internal Lithium-Ion battery must be fully charged before first use of the speaker. To charge the battery: Insert the micro-USB connector of the included USB cable into charging input hole on the back of the speaker unit and then plug the USB connector into either the USB port on a computer or into a compatible USB wall charger (not included). The LED indicator light will glow red and the speaker will emit a red light up during charging and will automatically go off when charging is complete.

**NOTE:** When battery power is low the speaker may emit a beeping tone, even while music is playing. Fully charge the battery as advised above to resume normal operation.

#### WIRELESS SPEAKER OPERATION

Wireless playback Via Bluetooth:

1. Make sure the battery is charged as explained above.
2. On the back of the speaker unit, switch on the **POWER BUTTON** - the indicator light will flash - this means the Bluetooth function is active and ready to connect to your smartphone or tablet. Press the **BT** button to connect the speaker with the Bluetooth device after 5 minutes of being turned on, the LED light and Bluetooth function will turn off automatically. Restart this step to try to connect again.
3. Activate Bluetooth function on your audio device - if it should automatically recognize the speaker and offer to connect, select "Yes" using the name "H800". If required, enter the password "0000" to complete the wireless connection. When the speaker is connected, the indicator light will flash more slowly and you are now set to enjoy wireless audio from within a 33ft range of the audio device.

6. Turn the unit on and watch the

- NOTE: Low speaker power and/or low audio device power may cause poor operation and/or no Bluetooth connection. Fully charge the battery as advised above to resolve.

normal
